"La Creole" Will Restore Those Gray Hairs of Yours Written at Random.

and the hairdressers had, hatched, a crowd of men and women from the backwoods, who had never seen a boat before, and had come in a short time before on a train, ran down to the steamer and began to shout "Quarter for a ride!" and other things pleasant to the ears of the steamer crew. The preparations were made, and the crowd was admitted to the steamer. The steamer started up the river a short distance, and the crowd seemed to be in a state of confusion. It was a very strange sight to see a crowd of men and women, some of whom were of the most primitive type, on a steamer on the Mississippi river.

It is given out that the state authorities have not yet received from the United States secretary of war concerning the state militia and probable national aid for them, but it is known every step toward putting the state's three regiments in condition to move at any time has been taken during the past week. The state militia is now in a state of confusion, and the state authorities are in a state of confusion.

When we do plumbing it is well done, it is as near perfection as human skill can bring it. It stays done, too, it isn't constantly getting out of order. Safety and economy both urge you to come to us.

Wall Decorating

Is our business, our pleasure, our delight. We do the job of decorating the great wall of China, but will be content to do the job of decorating a few walls in your house. Do they need it? Oh, yes, you can't get out of that, and we always hate to see a wall in need of artistic decoration. Here walls denote a bad pocketbook or little consideration of the beautiful. But your pocketbook is in our hands and we know a good thing when we see it.
